- a. Recognize individuals that are taxpayers or residents of West Norriton Township wishing to offer comment.
- b. Require the name and address of such persons wishing to comment.
- c. Permit each individual at minimum one (1) opportunity to speak. The President may require an individual who has already spoken to wait until all others wishing to speak have had the opportunity before permitting an additional opportunity to speak. Once all others have had the opportunity to speak, the President shall determine whether time would allow for additional comment from the individual wishing to speak. Such a determination shall be based solely on the factor of time and shall not be based on the content or viewpoint of the particular individual(s) seeking additional opportunity to speak.
- d. Provide for a five (5) minute maximum for each individual to offer public comment. There shall be no ceding or assigning of time. In no case shall a time limit of fewer than two (2) minutes be designated. It may be requested that a spokesperson from a group address the Board of Commissioners.
- e. Preserve order by prohibiting disruptive conduct including, but not limited to, speaking by any person who is not, at that time, taking part in public comment.

MONTGOMERY COUNTY, PENNSYLVANIA**

**RESOLUTION #22-1686**

**A RESOLUTION OF THE TOWNSHIP OF WEST NORRITON, COUNTY OF  
MONTGOMERY, COMMONWEALTH OF PENNSYLVANIA, ADOPTING A POLICY  
OF THE BOARD OF COMMISSIONERS FOR REMOTE PARTICIPATION AT  
PUBLIC MEETINGS**

**WHEREAS**, under Pennsylvania’s Sunshine Act, the West Norriton Township Charter, and the Pennsylvania First Class Township Code, the Board of Commissioners of West Norriton Township (“Board” or “Commissioners”) must: 1) take all public action, and engage in all deliberations of potential public actions, at a public, advertised meeting (“Meeting”), and 2) allow members of the public to offer comment on action items prior to a vote;

**WHEREAS**, for the Board to act on Township business, a quorum of Commissioners must be physically present at the Meeting;

**WHEREAS**, once a physical quorum of Commissioners is obtained for the Meeting, the remaining Commissioners may remotely participate in the Meeting (i.e., without a physical presence) pursuant to an established telecommunications policy;

**WHEREAS**, as the citizens of West Norriton Township have bestowed their trust and confidence in the Commissioners to actively and effectively represent their interests, the Commissioners recognize that their physical attendance at Meetings is preferable to virtual attendance. However, if situations arise where a Commissioner cannot physically attend a Meeting, the Board believes that it is preferable for a Commissioner to participate remotely in the Meeting rather than not participate at all

**WHEREAS**, the Board desires to permit remote participation/virtual attendance at Meetings through telecommunication devices pursuant to the Remote Participation at Public Meetings Policy attached hereto as Exhibit “A” and incorporated herein;

**NOW, THEREFORE, BE IT RESOLVED**, the Board of Commissioners for the Township of West Norriton does hereby adopt and establish the Remote Participation at Public Meetings Policy attached hereto as Exhibit “A.” Such policy shall be effective thirty (30) days from the date of this Resolution.

**RESOLVED this 12<sup>th</sup> day of April 2022.**

**WEST NORRITON TOWNSHIP  
BOARD OF COMMISSIONERS  
REMOTE PARTICIPATION FOR PUBLIC MEETINGS POLICY**

**WEST NORRITON TOWNSHIP  
BOARD OF COMMISSIONERS  
REMOTE PARTICIPATION FOR PUBLIC MEETINGS POLICY**

Under Pennsylvania’s Sunshine Act and the Pennsylvania First Class Township Code, the Board of Commissioners of West Norriton Township (“Board” or “Commissioners”) must: 1) take all public action, and engage in all deliberations of potential public actions, at a public, advertised meeting (“Meeting”), and 2) allow members of the public to offer comment on action items prior to a vote. In addition, for the Board to act on Township business, a quorum of Commissioners must be physically present at the Meeting. However, once a physical quorum of Commissioners is obtained for the Meeting, the remaining Commissioners may remotely participate in the Meeting (i.e. without a physical presence) pursuant to an established telecommunications policy. The Board desires to permit remote participation/virtual attendance at Meetings through telecommunication devices pursuant to the policy established herein.

As the citizens of West Norriton Township have bestowed their trust and confidence in the Commissioners to actively and effectively represent their interests, the Commissioners recognize that their physical attendance at Meetings is preferable to virtual attendance. However, if situations arise where a Commissioner cannot physically attend a Meeting, the Board believes that it is preferable for a Commissioner to participate remotely in the Meeting rather than not participate at all. Accordingly, virtual attendance/participation by Commissioners shall only be permitted at Meetings under the following conditions:

**1. Virtual Participation only Permitted for Just Cause.**

Commissioners may only be authorized to participate virtually in a Meeting for one or more of the following reasons:

- (i) illness or disability of a Commissioner;
- (ii) care for the ill or newborn in the Commissioner’s immediate family;
- (iii) emergency; and
- (iv) family or business travel.

**2. When Possible, a Physical Presence of a Quorum of Commissioners Must be Anticipated prior to the Meeting.**

Commissioners shall notify the Township Manager as soon as a Commissioner anticipates that the Commissioner will not be able to attend the Meeting or will need to participate virtually at the Meeting. Unless authorized by the Board President, no more than one (1) Commissioner shall be permitted to participate virtually in any meeting to ensure that a physical quorum will be present at the Meeting. If, after convening or reconvening a Meeting, a Commissioner has been disqualified from voting as a matter of law, but is still physically present, Commissioners participating through a telecommunication device shall be counted to maintain a quorum.

### **3. Virtual Participation must be through a Proper Telecommunication Device.**

The telecommunication device used by a Commissioner to virtually participate in the Meeting must permit the Commissioner to speak to and hear the comments and votes, if any, of the Commissioners who are physically present at the Meeting, the other Commissioners who are virtually attending the Meeting, and the comments of the public who are physically present at the Meeting. In addition, the telecommunication device must permit the Commissioners and the members of the public who are physically present at the Meeting to speak to and hear the comments and the vote, if any, of the Commissioners who are virtually participating in the Meeting.

### **4. Virtual Participation shall be Coordinated with the Township's Information Technology Department.**

To properly facilitate, record, and secure the virtual participation of a Commissioner or any member of the public who may also be permitted to participate virtually, the request to virtually participate in the meeting shall be communicated to the Township Manager or the Manager's designee. If a member of the public is permitted to virtually participate, the Township Manager or the Manager's designee shall take all steps necessary to ensure the security and decorum of the meeting, which may require pre-registration of the participant and/or any comments and two-factor authentication for the participant.

### **5. Other Requirements.**

- i. In the event that a Commonwealth emergency/disaster declaration is in place for the Township that prevents physical attendance at a meeting, or if physical attendance at a meeting is not required or otherwise prohibited due to an official act of a federal, commonwealth, or local government, the President for the Board of Commissioners may waive the requirements of this Policy, including the need for a physical quorum to be present at a meeting.
- ii. Nothing in this Policy shall be construed to limit the protections and prohibitions contained in any law or regulation relating to the rights of the disabled or to prevent the Township from providing a reasonable accommodation to participate in a public meeting.
- iii. Any changes to this Policy shall become effective no sooner than thirty (30) days following the vote to change the Policy.
- iv. The Board may enact future policies regulating the virtual attendance or comment by the public at a Meeting.

**FOR IMMEDIATE RELEASE**

## **PECO Proposes to Invest in Natural Gas Infrastructure and Customer Programs**

*Natural gas system investments focused on maintaining safety and reliability and enhancing customer support*

**PHILADELPHIA, PA (March 31, 2022)** — In a filing submitted today by PECO, the company requested approval of an \$82 million increase in natural gas distribution rates to support significant investments in infrastructure to provide safe and reliable natural gas service and reduce methane emissions. In addition, the filing proposes programs to help customers save energy and money, including low-income customer offerings. If approved, the newly proposed natural gas distribution rates would take effect on January 1, 2023.

The proposal provides funding to:

- Invest, on average, more than \$300 million per year on targeted, critical infrastructure to modernize and enhance the natural gas system to continue delivering safe and reliable service and meet the growing demand for natural gas in southeastern Pennsylvania.
- Support our [Path to Clean](#) emission reduction goals by completing projects to replace existing natural gas lines with new plastic pipe, which enhances safety, is more durable, improves service, and reduces methane emissions.
- Increase energy efficiency programs by \$500,000 to benefit income-eligible customers through the safe and efficient heating program, providing rebates for high-efficiency combo-boilers and dryers, as well as providing increased rebates to help manage customer energy cost.
- Offer an additional \$500,000 small business grant program providing a natural gas bill credit of \$500 to qualifying small businesses.
- Enhance residential natural gas customer safety and awareness by distributing a safety package including printed educational materials and a natural gas safety device, such as a methane gas detector, to certain customers including new residential customers.

“This filing is an integral step in our mission to deliver safe, reliable, affordable, and clean natural gas service for our customers across southeastern Pennsylvania,” said PECO President and CEO Mike Innocenzo. “We know increases of any kind can be tough and

recognize energy supply prices are higher overall nationwide, however, the investments included in this filing will support our commitment to provide the critical energy service our customers rely on.”

With the proposed increase, a typical PECO residential customer would see a monthly bill increase of about \$12.39, or 13 percent. A typical PECO small business customer would see a monthly bill increase of about \$30.85 or 7.3 percent.

This increase would be separate from the current commodity, or supply, cost increases, which are impacting all customers nationwide, whether they use natural gas, electric, heating oil, or propane. These supply charges are passed along directly to customers at exactly the price that PECO pays.

PECO has billing and financial assistance programs to help qualified customers who are facing financial challenges manage their energy bill. PECO also offers additional programs that can help customers pay down outstanding balances through grants. Income-qualified programs are also available to help customers with bill credits, energy efficiency, and referrals for additional services. For more information about financial assistance programs, customers can visit [www.peco.com/help](http://www.peco.com/help).
