

LOMC Application

Application ID: R3559547888459

Revision

Revision Review

Project Type

Project Type: LOMR

Payment Total

Fee: \$0.00 (LOMR Based Solely on Submission of More Detailed Data)

Project Name/Identifier

Project Name/Identifier: Barbadoes Island

Community Information

State, District or Territory: PA
County: Montgomery County
Community Name: WEST NORRITON, TOWNSHIP OF
Map Panel Number - Effective Date: 42091C0351G - 03/02/2016
CID: 420711

Flooding

Flooding Source: Schuylkill River
Types of Flooding: Riverine

Basis for Request

The basis for this revision request is: Corrections , Hydraulic Analysis , Improved Methodology/Data , New Topographic Data , Regulatory Floodway Revision
Comments for Corrections: Corrected modeling and flood hazard identification errors
Does the request involve changes to the effective modeling/mapping?: Yes

Zone Designation

FEMA Zone designations affected: AE , X

Revision Structures

The area of revision encompasses the following structures: No Project

Address 1: 1630 W Marshall Street
City: Jeffersonville
State, District or Territory: PA
ZIP Code: 19403
E-mail Address: jbobst@wntwp.com

As the CEO or designee responsible for the floodplain management, I hereby acknowledge that we have received and reviewed this Letter of Map Revision (LOMR) or conditional LOMR request. Based upon the community's review, we find the completed or proposed project meets or is designed to meet all of the community floodplain management requirements, including the requirement for when fill is placed in the regulatory floodway, and that all necessary Federal, State, and local permits have been, or in the case of a conditional LOMR, will be obtained. For conditional LOMR request, the applicant has documented Endangered Species Act (ESA) compliance to DHS/FEMA prior to DHS/FEMA's review of the Conditional LOMR application. For LOMR request, I acknowledge that compliance with sections 9 and 10 of the ESA has been achieved independently of DHS/FEMA's process. For actions authorized, funded, or being

carried out by Federal or State agencies, existing or proposed structures to be removed from the SFHA are or will be reasonably safe from flooding as defined in 44 CFR 65.2(c), and that we have available upon request by DHS/FEMA, all analyses and documentation used to make this determination.

Certification by Registered Professional Engineer and/or Land Surveyor

This certification is to be signed and sealed by a licensed land surveyor, registered professional engineer, or architect authorized by law to certify elevation information data, hydrologic and hydraulic analysis, and any other supporting information as per NFIP regulations paragraph 65.2(b) and as described in the MT-2 Forms instruction. All documents submitted in support of this request are correct to the best of my knowledge. I understand that any false statement may be punishable by fine or imprisonment under Title 18 of the United States Code, Section 1001.
