

BEFORE THE ZONING HEARING BOARD OF WEST NORRITON TOWNSHIP,  
MONTGOMERY COUNTY, PENNSYLVANIA

IN RE: APPLICATION OF ASHLEY D'ANDREA,  
FRANK GANTHER AND FRANCO D'ANDREA

NO. 903

**DECISION**

**I. BACKGROUND**

A public hearing was held on October 21, 2020 with regard to the application of Ashley D'Andrea, Frank Ganther and Franco D'Andrea. The application requested variances from the West Norriton Township Zoning Ordinance to build a single-family residence on an undersized lot. Notices of the public hearing were published in accordance with law, advertised in a newspaper of general circulation, and posted on the property. In accordance with such notices, and as permitted under Act 15 of 2020, a hearing was conducted by telecommunication device. West Norriton Township Zoning Officer Thomas Heisner participated in the hearing on behalf of the Township.

At the commencement of the proceedings, a request was made that anyone who wished to enter appearance as a party to the proceedings should identify himself/herself in order to participate as a party. The record reflects that no one chose to enter appearance as a party in opposition to the application in this regard, but a few members of the public posed questions and offered comment at or prior to the hearing. Witnesses were duly sworn or affirmed and notes of testimony for the hearing were taken and are hereby made a part of this record. Final vote with regard to the application was taken at the public meeting on October 21, 2020 after public discussion, and this Decision follows as a result of that vote.

## **II. FINDINGS OF FACT**

1. The Applicants are Ashley D'Andrea, Frank Ganther, and Franco D'Andrea, the equitable owner pursuant to an Agreement of Sale with the legal owner of the property, Lillian Tornambe, located at Parcel No. 63-00-07009-00-2, W. Main Street, West Norriton Township, Montgomery County, Pennsylvania.

2. The Zoning applicable to this parcel of ground is R-1 Residential Zoning District.

3. The following Exhibits were marked and duly admitted into evidence:

- A-1 Application
- A-2 Agreement of Sale
- A-3 Deeds
- A-4 Tax Assessment Record
- A-5 Plan
- A-6 Plan

The Board marked and duly admitted into evidence the following Board Exhibit:

- B-1 Proof of Publication

4. The variances requested would permit construction of a single-family house, a use permitted by right, on a vacant undersized lot.

5. Section 27-1402.1 of the Zoning Ordinance permits construction of a house on an existing lawful nonconforming lot, provided all setbacks are met.

6. In order to qualify for an interpretation that the parcel constitutes an existing lawful nonconforming lot, the Applicants must prove by documentary evidence, such as a chain of title, and supporting testimony, that the lot was held in single and separate ownership as of August 8, 1952; otherwise the Applicants require relief from the lot area and lot width requirements of the applicable zoning district.

7. The Applicants could not establish that the property was held in single and separate ownership as of August 8, 1952, and the proposal does not comply with the area or frontage requirements of the applicable zoning district, and therefore, variance relief is required.

8. The Applicants presented competent, compelling and uncontroverted evidence and testimony supporting the granting of the variances requested based on a hardship analysis.

9. The lot is not owned by any adjoining property owner and exists as a separate tax parcel, and therefore the hardship is self-evident.

10. Upon review of the standards for Zoning Hearing Board action as set forth in Section 1804 of the West Norriton Township Zoning Ordinance, and Section 910.2 of the Pennsylvania Municipalities Planning Code, the Board determines it appropriate to grant the variances in that:

(A) There are unique physical circumstances or conditions, due to the existing nonconforming size of the lot, and other physical conditions peculiar to the particular property, which conditions create an unnecessary hardship.

(B) Because of such nonconformities and physical conditions, there is no possibility that the property can be developed in strict conformity with the provisions of the Zoning Ordinance, and the authorization of the variances is therefore necessary to enable the reasonable use of the property.

(C) Such unnecessary hardship has not been created by the Applicants, as the lot exists in its current size and cannot be made larger.

(D) Not only are there a number of nonconforming lots in the neighborhood, but the neighborhood is predominately comprised of lots of similar, if not identical

dimensions as the subject lot, and therefore, the variances will not alter the essential character of the neighborhood or district in which the property is located, nor substantially or permanently impair the appropriate use or development of adjacent property, nor be detrimental to the public welfare.

(E) The variances requested are the minimum variances to afford relief.

### **III. CONCLUSIONS OF LAW**

1. The Zoning Hearing Board has jurisdiction over the subject matter of the application. The parcel in question is located in West Norriton Township, Montgomery County, Pennsylvania. The Applicants and the subject matter are properly before the Board and the Applicants have standing to submit the application.

2. The hearing notices were duly published and posted in accordance with law.

3. In order to qualify for an interpretation that the parcel constitutes an existing lawful nonconforming lot, the Applicants must prove by documentary evidence, such as a chain of title, and supporting testimony, that the lot was held in single and separate ownership as of August 8, 1952; otherwise the Applicants require relief from the lot area and lot width requirements of the applicable zoning district.

4. The Applicants could not establish that the property was held in single and separate ownership as of August 8, 1952, and the proposal does not comply with the area or frontage requirements of the applicable zoning district, and therefore, variance relief is required.

5. The Applicants presented competent, compelling and uncontroverted evidence and testimony supporting the granting of the variances requested based on a hardship analysis as a matter of law.

6. Upon review of the standards for Zoning Hearing Board action as set forth in Section 1804 of the West Norriton Township Zoning Ordinance, and Section 910.2 of the Pennsylvania Municipalities Planning Code, the Board determines it appropriate as a matter of law to grant the variances in that:

(A) There are unique physical circumstances or conditions, due to the existing nonconforming size of the lot, and other physical conditions peculiar to the particular property, which conditions create an unnecessary hardship.

(B) Because of such nonconformities and physical conditions, there is no possibility that the property can be developed in strict conformity with the provisions of the Zoning Ordinance, and the authorization of the variances is therefore necessary to enable the reasonable use of the property.

(C) Such unnecessary hardship has not been created by the Applicants, as the lot exists in its current size and cannot be made larger.

(D) Not only are there a number of nonconforming lots in the neighborhood, but the neighborhood is predominately comprised of lots of similar, if not identical dimensions as the subject lot, and therefore, the variances will not alter the essential character of the neighborhood or district in which the property is located, nor substantially or permanently impair the appropriate use or development of adjacent property, nor be detrimental to the public welfare.

(E) The variances requested are the minimum variances to afford relief.

#### **IV. OPINION**
